

Football State Championship Testimonials

“The facilities were exceptional - very nice fields.” C.C.

“Perry Youth Football would like to bring a U10 and a U12 team to the tournament this year again. All of our families loved how well run it was and we are all looking forward to coming back and participating again this year.” M.A.

“This was a great setting to showcase our community team in a larger arena. We did well in our community but we were curious about how good our kids actually were this year. This event gave us perspective and gave the kids confidence they could play with anyone in the state of Ohio. Overall great experience for the team, coaches and parents. Look forward to next year.” J.M.

“There are a lot of season ending tournaments to play in now and more every year. We play in this tournament because the facilities to play in are great. It makes it more enjoyable for the players and fans. Especially the fans so they don't have to sit along the sidelines in lounge chairs to watch the games.” D.A.

“The OAC put on a great tournament with outstanding facilities. The teams were well coached and the games were exciting! We will try to be back next year.” D.H.

“Our Kids, Parents and Coaches all had a great time thank you again.”
P.M.

“Announcing was pretty good. Job well done!” M.W.

“What do you get when you combine the rise in popularity of flag football with an organization like the OAC that was formed to promote youth athletics? You get a great flag football tournament with the kids as their priority. The OAC team was great and the facility was awesome. See you again in October!” Coach Jake Jacobs
