Weigh-In

All wrestlers must weigh in wearing a singlet. They may not remove the singlet in an attempt to make their registered weight class. No weight allowance is given for the singlet. If the wrestler weighs more than their registered weight class, they can step off and weigh in later as long as it is within the stated weigh-in times.

Districts = Scratch Weight (weight stated on entry form) Example; 80

State = Scratch +2 lbs. Example; 82

Jr. High State Weigh-Out = Scratch +3 lbs. Example; 83

Growth Allowance

- Growth allowance is the amount of weight that is given to a weight class to account for the growth of a child.

For Jr. High only, the Ohio High School Athletic Association (OHSAA) begins the wrestling season the first week of December

with the first Jr. High weight class as 80 lbs. After 3 weeks (December 25) the OHSAA adds 2 lbs. for a

growth allowance making the 80 lb. class now 82 lbs. The Ohio Athletic Committee (OAC) 7 weeks later (District Tournament) adds 2 lbs. more for growth allowance making the 80 lb. weight class now 84 lbs. This 84 lbs. is considered the OAC scratch weight. An additional 2 lbs. is added to this scratch weight for the state tournament weigh-in to account for further growth and less practice time available for wrestlers after the regular season has ended. There is one lb. more added for weigh out after the first day of the State Tournament making the weigh-out weight 87.

For Grade School, the OHSAA does not govern. The OAC District season begins in January so there is no need for any growth allowance until the State Tournament. 80 lb. weight class for District becomes 82 for State. There is no weigh-out for Grade School State.

Weight Class

Weight classes listed are the maximum a wrestler can weigh to be in that particular weight class. They are not weight ranges. Example 120, 126 does not mean they can weigh between 120 and 126 to be in the 120lbs. weight class. The most a wrestler can weigh to be considered in the 120lbs. class is 120.0. If they weigh more than 120.0 and up to and including 126.0 lbs. they are considered in the 126 lbs. class.

Skin/Nail/Hair Check

All wrestlers must pass a skin, finger nail and hair inspection.

Finger Nails: Must be neatly trimmed and no sharp edges.

Skin: Must be free of any communicable disease. A wrestler that is undergoing treatment for a skin condition must present a physician completed [skin check form](#) at skin check. The form cannot be dated more than 10-days prior to the date of weigh-in.

Hair: During competition all wrestlers shall be clean shaven, with sideburns trimmed no lower than earlobe level and hair trimmed and well groomed. The hair shall not extend below the top of an ordinary shirt collar in the back; and on the sides, the hair shall not extend below earlobe level; in the front, the hair shall not extend below the eyebrows. If an individual has hair longer than allowed by rule, it may be braided or rolled if it is contained in a cover so that the hair rule is satisfied. The cover shall either be a part of the headgear or worn under the headgear. The cover must be of a solid material and be nonabrasive. The wrestler opting to wear a legal hair cover must bring it to the weigh-in procedure and be checked for grooming.

Matches

District and State are Double Elimination tournaments however; it is possible to lose 2 matches and still be alive in the placement rounds. Be certain to check with the head table before you leave to see if you have another match.

Period Length

Championship rounds: Three (3) periods of 1:30

Consolation rounds: Three (3) periods of 1:00

Overtime:

When the match score is tie after regulation time, an over-time period is required. The period is 1:00 in length and begins with wrestlers in the neutral position (on their feet). When either wrestler scores a point or points, the match ends and the scoring wrestler is declared the winner. If neither wrestler scores in the 1:00 period a second over-time period is required. The match official will flip a 2-sided disc (Red on one side and Green on the other) with the winner of the flip (wrestler wearing the red or green anklet) choosing the top (offensive position) or the bottom (defensive position); neutral is not an option. The second over-time period is 30 seconds in length. If either wrestler scores a point or points, the match ends

with the scoring wrestler declared the winner. If neither wrestler scores, the wrestler in the top position is awarded 1-point and declared the winner.

Video Tape

The OAC will not review any video

Technical-Fall

Technical-Fall is declared and the match ended when a wrestler gains a 15-point advantage.

Bout Sheet: The Coach of the winning wrestler must confirm the bout sheet at the table to make sure the correct wrestler is declared the winner. *This MUST be done by the COACH not the wrestler.*

Flagrant Unsportsmanlike conduct

Wrestler: Any wrestler who is penalized for a flagrant unsportsmanlike conduct is ejected from the event/tournament and may not compete for the remainder of the event. If this occurs in the placement round of a tournament the wrestler does not receive an award. Placing wrestlers do not move up a position.

The offending wrestler is deemed ineligible for all future Ohio Athletic Committee events until the parent or guardian of the offending wrestler submits a letter to the Ohio Athletic Committee requesting reinstatement for the wrestler. The Ohio Athletic Committee Staff reviews the request and a written response to the letter will be sent to the offending wrestler's parent or guardian with the Ohio Athletic Committee Staff's decision.

Coach:

Any Coach who is penalized for a flagrant unsportsmanlike conduct is ejected from the event/tournament and may not Coach or be on the arena floor for the remainder of the event. This may include removal from the premises if the action is deemed as necessary. The offending Coach is ineligible for all future Ohio Athletic Committee events until a letter requesting reinstatement is sent to the Ohio Athletic Committee and the Ohio Athletic Committee Staff reviews. For a first offense the period of ineligibility may be up to 1 full year. A written response to the letter will be sent to the offending coach with the Ohio Athletic Committee Staff's decision. A second offense may result in a life-time ban from Ohio Athletic Committee events.
